

**Working Knowledge**<sup>CSP</sup>

Concept | Strategy | Practice

a service disabled veteran owned small business

## About Working Knowledge<sup>CSP</sup>

**Working Knowledge<sup>CSP</sup>** delivers practical understanding and application of KM concepts, strategy, implementing practices, and “fit for purpose” knowledge management technologies to help organizations solve business and operational challenges affecting organization performance and mission success.

**Working Knowledge<sup>CSP</sup>** provides independent knowledge management consulting services and trusted, context based advisory [services, solutions](#), coaching and guidance to both industry and government in all dimensions and implementations of Knowledge Management.

**Working Knowledge<sup>CSP</sup>** has, as part of its KM services and solutions portfolio, specialized practice and deep expertise in working directly with government leaders and their workforce in applying knowledge management concepts, strategies and implementing practices in federal acquisition organizations where necessary focus is required to solve complex program management, IT and organization performance challenges through an improved ability to leverage the critical and relevant knowledge they possess.

**Working Knowledge<sup>CSP</sup>** is a service disabled veteran owned small business (SDVOSB) established in 2009. In 2010, we earned [Center for Veteran Enterprise \(CVE\)](#) recognition from the Department of Veterans Affairs and graduated from the [Veteran Institute for Procurement](#), a certification program for veteran owned businesses that helps them to establish best business practices.
